

Take a look at the slides associated with this topic, your selection of the recommended readings, and your own chosen sources.

From the papers you have read in the past few months (please do not choose a paper you are reading for another course), select the one you like the most or the least — in terms of how it is written — and complete an analysis. Here is an [example](#) of what is expected in the assignment.

Upload your PDF file to the AG.
